Code of honour during exams
Academic course 2020-2021

I, Blei Ray Jimenez (First and family name),
with the identification document 46980P93N (NIUB, DNI or Passport)
and as a student of the Facultat de Matemàtiques i Informàtica, understand that the aim
of the process of evaluation is to determine the degree of achievement of the skills
related to the subject, and I understand the importance of acting with honesty at all
times. Therefore, in the exams I will only use the authorized materials and tools, and I
agree not to exchange information with other students about the exam solutions or
receive help from other people.

I declare to be aware of the possibility that professors decide to schedule a personal
interview after the exam, and during the review period, with the aim of verifying the
authorship of the delivered answers, and that in case any irregular conduct is detected,
the possibility of cancelling the exam qualification exists.
